

ORTHOPAEDIC & SPINE  
CENTER OF THE ROCKIES

## **Primary Care Sports Medicine Physicians Northern Colorado**

Orthopaedic & Spine Center of the Rockies is seeking two full-time, primary care sports medicine physicians to join our practice in 2018. The new physicians will become an integral part of our Sports Medicine team.

We are a 29-member, independent, physician-led group in Fort Collins, Loveland, and Greeley, CO. We have orthopaedic, spine, physiatry, podiatry, primary care sports, and neuropsychology specialists.

The positions are for employed doctors. The new physicians would have: MD/DO, licensure or license-eligible in CO, fellowship training in primary care sports medicine, and BC/BE.

Our new physicians will focus on clinic appointments, and participate in game coverage for the sports teams/schools/events.

One physician will hold clinic at our Greeley office. The second physician will see patients at our Fort Collins, Loveland, and Greeley offices.

We're a busy, growing practice founded 1969, featuring exceptional quality, collegial relationships, and outstanding facilities. We've added new physicians in 2006-2017, built a new office in Loveland, opened a new office in Greeley, and expanded our office in Fort Collins.

Our fellowship-trained orthopaedic subspecialties are Foot/Ankle, Hand/Upper Extremity, Trauma, Spine, Joint Replacement, Shoulder, Sports Medicine, and Pediatric. We also have Neuropsychology-Sports Concussions, Podiatry, and Physiatry.

Our office provides Sports Medicine coverage for Colorado State University, professional hockey, arena football, 11 area high schools, multiple club sports teams, and 40-plus rodeo events a year.

The group has on-site MRI, Digital X-ray, Therapy, Cast Room, and Surgery/Recovery Centers.

Enjoy northern Colorado's special blend of urban lifestyle and outdoor activities, along with mild seasons, excellent schools, and CSU.

We offer competitive recruitment package and an opportunity to join an outstanding team.

Benefits include health, life, dental, vision, and disability, plus relocation allowance, flexible spending account, 401k, defined benefit plan, and profit sharing.
